

Repairs Assistant

A vacancy exists for a repairs assistant based at Varispeed – Gauteng, Midrand to start ASAP.

Key areas of responsibility in this position include:

- Fault finding, repairing and testing of variable speed drives and soft starters.
- On site fault finding, repairs and commissioning.
- Protective coating application where needed on PCB's.
- Small scale electrical panel manufacture when required.

To qualify for this position, applicants must possess the following:

Knowledge

- Applicants should have the equivalent of a minimum of 1 year electrical / industrial electronics tertiary education.
- Must have a strong practical knowledge of power electronics, ac inverter drives and motor control automation.
- Good understanding of electrical wiring practices and standards

Skills

- Good understanding of electrically driven machinery, automation, pumps and fans.
- Must be able to read and understand technical manuals and electronic circuit diagrams in order to analyse and repair faults and set up digital electronic drives and starters to suit required applications.
- Well-developed English and Afrikaans language skills, especially in relation to oral and written communication.
- A valid driver's licence.
- Must be computer literate in Microsoft office in order to liaise with clients and complete job card and relevant reports
- Good interpersonal skills and telephonic communication skills

Behavioural attributes

- Must have well-developed interpersonal skills in order to interact effectively with customers and to develop co-operative relationships with all relevant internal and external stakeholders.
- A well-structured individual who can plan, organise and control the repair and commissioning functions, and meet the required deadlines.
- Must have well-developed analytical and creative problem solving skills.
- An emotionally resilient individual with well-developed conflict handling skills in order to withstand pressure of work (breakdown situations) and to interact with sensitivity in conflict situations.
- A self-motivated individual with a strong focus on attention to detail.
